

MULTIPLICATION SNAP

- LEVEL:** Grade 3 - 4
- SKILLS:** immediate recall of multiplication facts to 50
- PLAYERS:** 2 of equal skill level
- EQUIPMENT:** cards (Ace=1) - 10
- GETTING STARTED:** Players divide the cards into two piles. Cards A - 5 are in one pile, and cards 6 - 10 are in another pile. Each player has one pile of cards. At the same time, each player turns over a card. Players multiply the two cards. The first player who says the correct answer out loud collects both cards.
- In the event of a tie, players leave their cards face down and let the pile build. Play resumes until one player gives the correct answer before the other and collects all of the accumulated cards.
- Play continues until the common piles are finished. Players count up their cards to determine the winner.
