

Patterns in Charts

Quick Review

Look at this hundred chart.

There is a pattern in the circled numbers.

The **pattern rule** is:

Start at 3. Count on by 3s.

 There is a pattern in the positions of the squares with circles.

The **pattern rule** is:

The squares with circles lie along every third diagonal. The diagonals go 1 down, 1 left.

Try These

- **1.** Look at the squares with circled numbers on this hundred chart.
 - a) Describe the position pattern.
 - **b)** Write the number pattern.
 - **c)** Write a pattern rule for the number pattern.

d) Circle numbers to complete the pattern on the hundred chart.

- **1. a)** Start at 102. Count on by 2s. Circle these numbers.
 - b) Start at 102. Count on by 5s.Put an X on each number.
 - **c)** Write the numbers that have both an X and are circled.
 - **d)** Write the pattern rule for the number pattern in part c.
- **2.** Look at the squares with circled numbers in this multiplication chart.
 - a) Write a pattern rule for the position pattern.

b) Write a pattern rule for the number pattern.
